## “Eat and Biofunctional”

### «About “T-CON2” »

“T-CON” is the successor to “B-CON.” This is a social gathering aimed at promoting research and development that can contribute to the real world with the aim of further development and the spread of biofunctions.

In the future, I would like to develop with the business that B-CON and corporations are implementing.

We would like to express our sincere gratitude to all concerned parties for their efforts in organizing this conference.
